INTRODUCTION

This Report highlights the activities of the Transportation Professional Services Selection Board (TPSSB) during Fiscal Year 2014 in conjunction with the selection of consultants for Architectural/Engineering (A/E) projects processed through the TPSSB, for the Maryland Department of Transportation (Department), in conformance with applicable laws, regulations and internal guidelines.

The contents of this report have been organized under the following topical headings:

- Executive Summary
- Minority Business Participation
- Changes in Laws, Regulations, and Internal Guidelines
- TPSSB Membership and Composition
- Consultant Recommendations
- Certification for Consultant Services

Appropriate attachments have also been provided detailing Department Consultant Screening Committees and Negotiating Teams membership; consultant recommendations, including project and proposal data/time involved; projects certified by the Secretary of Transportation (Secretary) in accordance with the TPSSB statute for consultant services for Fiscal Year 2014.

EXECUTIVE SUMMARY

The major facts and conclusions contained in this report are as follows:

1. The TPSSB finalized 86 consultant recommendations in Fiscal Year 2014, compared to 41 in Fiscal Year 2013. The total awards for these 86 recommendations amounted to approximately \$464.5 Million, compared to \$205.3 Million in Fiscal Year 2013.
2. Of the total 86 recommendations, all were at least \$1 Million and were based upon an evaluation of technical proposals and negotiated prices.
3. The total time required to finalize recommendations on a negotiated basis averaged 38.7 months, with 37 months consumed by Transportation Agencies and 1.7 months by the TPSSB. (These averages exclude major delays attributable to non-selection related matters). This is an increase of 9 months as compared to Fiscal Year 2013 in time consumed by Transportation Agencies and a increase of .4 months for the time required by the TPSSB. The increase in the time required to make A&E contract awards can primarily be attributed to delays at SHA in reviewing all active A&E procurements as a result of a Special Legislative Audit and a Regular Audit that occurred in June of 2011 and November of 2011, respectively. SHA has completed these reviews and implemented corrective action for all A&E procurements underway.

MINORITY BUSINESS PARTICIPATION/DISADVANTAGED BUSINESS PARTICIPATION

Of the 86 projects in Fiscal Year 2014, 145 firms were used as subcontractors, and of those subcontractors, 83 were MBE/DBE firms.

CHANGES IN LAWS, REGULATIONS, & INTERNAL GUIDELINES

In Fiscal Year 2014, there were no changes to COMAR 21.12.01, 21.12.02 or Sections 12-303 or 13-304 of the State Finance and Procurement Article.

TPSSB MEMBERSHIP AND COMPOSITION

During Fiscal Year 2014, the membership and composition of the TPSSB was as follows:

Permanent Members:

- Michelle Nicole Lipkowitz, Chairperson (Public Member)
- Benjamin E. Beavin, Jr., Vice-Chairman (Public Member)
- Beverley Swaim-Staley, Secretary (or Designee)
 - Thomas P. Hickey, Secretary's Designee (Office of the Secretary)
 - Michael Hailey, Alternate Secretary's Designee (Office of the Secretary)
- Steven Watson, Governor's Designee (Office of the Finance)

Temporary Members:

The following Temporary Members represented their respective Transportation Agencies at various TPSSB meetings:

State Highway Administration (SHA):

Norie Calvert (Designee)
Georgia Peake (Alternate Designee)

Maryland Aviation Administration (MAA):

Suzette Moore (Designee)
Linda McGill (Designee)
Paul Shank (Alternate Designee)

Maryland Transit Administration (MTA):

Stephen V. Silva (Designee)
Priscilla Jeffers (Designee)
Vernon Hartsock (Alternate Designee)

Maryland Transportation Authority (MDTA):

Donna DiCerbo (Designee)
Dave Ferrara (Alternate Designee)

Maryland Port Administration (MPA):

Gary Lockett (Designee)

Motor Vehicle Administration (MVA):

William Ward (Designee)
Anna Lansaw (Alternate Designee)
Joy Abrams (Alternate Designee)

Assistance was rendered to the TPSSB through the following:

Executive Secretaries - The Secretary's Office (TSO)

Trisha O'Neal, Acting July 2013 – October 2013 & April 2014 – June 2014

Karen Riddle – November 2013 – March 2014

Office of General Counsel: (TSO)

Chris Fontaine

Kenneth Hulsey

Office of Consultant Services: (SHA)

Norie Calvert, Director, Office of Procurement and Contracts

Various Consultant Screening Committees and Negotiating Teams of Transportation Agencies:

A list of membership to these Committees/Teams as of July 1, 2013 – June 30, 2014 is provided as Attachment I.

CONSULTANT RECOMMENDATIONS

During Fiscal Year 2014, the TPSSB met 11 times, and processed 86 recommendations on a negotiated basis involving 47 consultant firms as compared to 25 consultant firms in 2013. The total cost of the 86 finalized recommendations amounted to approximately \$464.5 Million.

Detailed information on the 86 finalized recommendations is provided as Attachments II - V. An analysis of the data on these Attachments, and other information available in TPSSB files, reveals the following:

1. Projects by Cost Categories:

Costs for each of the 86 recommendations for which consultants were recommended on a negotiated basis ranged from approximately \$1,000,000 to \$15,000,000.

The following tabulation summarizes these recommendations by cost categories:

Cost Category \$	No. of Recommendations	% by No. of Recommendations
200,001 – 300,000	0	0%
300,001 – 500,000	0	0%
500,001 – 1,000,000	0	0%
1,000,001 – 10,000,000	66	76.8%
10,000,001 – 60,000,000	20	23.2%
TOTAL	86	100%

2. Recommendations by Technical Proposals/Negotiated Prices:

86 recommendations were finalized based on evaluation of technical proposals and negotiated prices.

Negotiating Teams were able to negotiate a satisfactory contract with the top-ranked firms in all instances at a price, which they determined to be fair, competitive and reasonable.

There is a possibility that the TPSSB could consider a Transportation Agency's recommendation of the award of a contract to the second highest ranked firm. In addition, in cases where simultaneous negotiations with two or more firms for the awarding of identical open-end contracts from one reduced candidate list have not been satisfactory, the Transportation Agency may negotiate with, and recommend the award of a contract to a lower ranked firm. Neither of these situations occurred in Fiscal Year 2014.

3. Time Involved in Finalizing Recommendations:

Of the 86 recommendations, which were finalized on a negotiated basis, the total time required for a selection ranged from 1.7 to 59 months, depending on the nature and complexity of the project, averaging 38.7 months per selection, excluding major delays attributable to non-selection related matters. This was measured from solicitation of interest from firms, to final approval by the TPSSB. Related actions occurring during this period were as follows:

An average of 38.7 months per selection was consumed by appropriate Transportation Agencies in making specific selection recommendations to the TPSSB. This covered time necessary for public announcements for solicitation of interest from firms, evaluation of candidate firms, any de-briefings of firms not on reduced candidate lists, preparation of requests for technical and price proposals, and evaluation of these proposals and price negotiations in order to make selection recommendations to the TPSSB.

An average of 1.7 months per selection was required for the TPSSB to review and finalize all selection recommendations made by Transportation Agencies, including waiting periods necessary for public announcements for TPSSB meetings, and any de-briefings through Transportation Agencies of firms not recommended for selection.

The increase in the time required to make A&E contract awards can primarily be attributed to delays at SHA in reviewing all active A&E procurements as a result of a Special Legislative Audit and a Regular Audit that occurred in June of 2011 and November of 2011, respectively. SHA has completed these reviews and implemented corrective action for all A&E procurements underway.

CERTIFICATION FOR CONSULTANT SERVICES

During Fiscal Year 2014, the TPSSB received and recorded a total of 13 certifications by the Secretary involving A/E services, which at the time of certification could not feasibly or economically be provided through existing in-house resources, and appropriate Transportation Agencies were directed to proceed with the selection of consultants.

Detailed listings of such projects recorded by the TPSSB as certified by the Secretary are provided as Attachment VII.

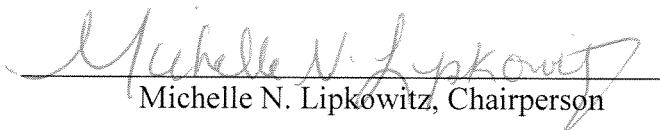

Report of Activities for Fiscal Year 2014 submitted and approved at the TPSSB meeting held on August 6, 2015.

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

Revised
 1st Qtr. FY 14
 Page 1

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR
MAA	D/E Connector – Professional Architectural and Engineering Design Services (1 contract)	Professional Services will include civil, architectural, mechanical, electrical, structural, plumbing, fire life safety, information technologies, cost estimating, and special terminal systems design.	The required services cannot be provided by in-house resources.	\$13,600	FY14
MAA	D/E Connector – Construction Management and Inspection Services (1 contract)	Construction Management and Inspection (CMI) services will include pre-construction phase and construction phase.	The required services cannot be provided by in-house resources.	\$9,500	FY14
MAA	Comprehensive Professional Services for Architectural and Engineering Design (3 to 7 contracts)	The Consultant shall provide Architectural & Engineering design services that may include, but not be limited to: preliminary architectural and engineering studies and reports, final engineering, development of engineering plans, technical specifications, bidding documents, procurement support, and the review of construction submittals associated with improvement and expansion projects.	The required services cannot be provided by in-house resources.	\$55,000	FY14
MAA	Construction Management and Inspection Services (4 to 6 contracts)	Construction Management and Inspection (CMI), Building Permit Review and Inspection, Fire Protection Inspection and Compliance Support, MBE and DBE Compliance Support Services to support MAA on an as-needed basis.	The required services cannot be provided by in-house resources.	\$8,800	FY14
MAA	Comprehensive Professional Airport Planning Services (2 to 3 contracts)	To enlist professional airport planning consulting assistance in completing MAA planning and related studies undertaken by the OPES for BWI and MTN airports in accordance with applicable FAA, Maryland, and MAA requirements.	The required services cannot be provided by in-house resources.	\$15,000	FY14

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

MTA	On-Call System Safety System Services (4 contracts)	Consultant shall provide engineering and technical support services necessary to supplement MTA's Office of Safety, Quality Assurance and Risk Management.	Due to limited manpower and a significant number of active and pending projects, existing staff cannot feasibly perform the required safety engineering and environmental compliance services.	\$40,000	FY15
MDTA	Comprehensive Preliminary and Final Engineering Services (3 contracts)	Services provided under these contracts will include project planning, environmental services and miscellaneous consulting services including revenue and expense forecasting, toll analysis, right-of-way/real estate services, travel forecasting, public relations, studies pertaining to traffic developed by others as directed by MDTA.	Internal staffing is insufficient to support size of the current MDTA program and anticipated needs.	\$8,000	FY14

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR
MDTA	Comprehensive Building and Facility Engineering and Architectural Design (4 contracts)	Services provided under these contracts will include architectural and engineering design and analysis for buildings and facilities, development of complete contract bid documents, facility condition inspections, asset management and miscellaneous consulting services including space planning, facility master plan studies, emergency inspections, building envelope evaluations, specialized building systems analysis and design (security, life safety, data, communications & audio/video).	MDTA needs to evaluate the condition of the facilities and existing buildings, documents and schedule maintenance and upkeep of these facilities, and perform renovations to meet the needs of the current program. Internal Staffing does not have the expertise in all aspects support the current MDTA program needs. MDTA internal staff is responsible to provide project oversight during design and to manage the internal processes for project advertisement and delivery.	\$12,000	FY16

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CIP YEAR
MPA	MPA #514806 (Construction Management and Inspection Consultant Services)	To provide CMI services for new and ongoing construction projects on an as-needed and on-site basis.	MPA does not have in-house capabilities to manage all of the capital construction contracts to ensure reasonable enforcement of contract plans and project specifications.	\$6,200	FY14

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR
MDTA	MDTA 2014-02 (Nice Bridge Replacement and Facility-wide Comprehensive General Engineering Consultant (GEC), Preliminary Engineering and Final Design and Construction Management Inspection Services)	The project is for the replacement of the 1.7 mile long Governor Harry W. Nice Memorial Bridge	The GEC will supplement in-house staff and serve as a trusted advisor, liaison, and technical expert primarily leading to the procurement of the Nice Bridge replacement project. These services are required by MDTA to have the resources necessary to successfully deliver this project and achieve its other system-wide goals.	\$15,000	FY15

LIST OF A/E PROJECTS CERTIFIED TO THE
TSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 – 4th QUARTER REVISIONS

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

<p>SHA</p> <p>BCS 2009-10 (Construction Management & Inspection for Facilities Maintenance Division, Statewide) – OOM (3 contracts)</p>	<p>Perform construction management and inspection services for SHA facilities Management Division for various building construction, renovation type projects within the State of Maryland. Projects can be design build or traditional designs bid and build.</p>	<p>Lack of State funds over the past several years has resulted in delays in moving forward with many necessary facility upgrades. Due to the Transportation Infrastructure Investment Act of 2013, SHA expects to move forward with additional facility related construction projects.</p>	<p>\$16,000 Revised \$24,000</p>
<p>SHA</p> <p>BCS 2011-11 (Env. Monitoring Services for Cleaning & Painting of Bridges, Statewide) – OOS (1 contract)</p>	<p>To provide quality assurance for construction projects involving field cleaning and painting of structures with existing coating systems that may contain toxic metals.</p>	<p>SHA's funding is expected to increase by approximately \$2 Billion dollars over the next six years, with a 15% increase in the system preservation program and more than 400% increase in the major project capital program.</p>	<p>\$500 Revised \$1,000</p>
<p>SHA</p> <p>BCS 2011-03 (Traffic Engineering Design Services, Statewide) – DI (2 contracts)</p>	<p>To provide traffic engineering studies and traffic engineering design services.</p>	<p>The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.</p>	<p>\$3,000 Revised \$2,000</p>

ATTACHMENT VII

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3rd QUARTER REVISIONS**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

Modifications:

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)
SHA	BCS 2012-20 (Environmental Design and Management, Statewide) – OED (2 contracts)	Environmental design tasks which include all engineering necessary as part of our normal project development process and to meet the Total Maximum Daily Load (TMDL) requirements under the Clean Water Act, which limits the amount of certain pollutants that can be discharged into the Chesapeake Bay and its tributaries.	SHA will be developing a Watershed Improvement Plan {WIP} to determine what types of improvements and projects will be undertaken to meet the stated goals of the TMDL. The Transportation Bill contained a provision requiring that a certain amount (totaling an additional \$395M over 5 years) be directed to implementation of the WIP.	\$6,000 Revised \$12,000
SHA	BCS 2012-19 (Engineering Design Support and Construction Management, Statewide) – OHD	A range of highway and environmental engineering, mapping, and construction inspection and construction management tasks to complete work for the Office of Highway Development (OHD).	The contracts will be essential in providing the necessary resources for the extensive design and support required to deliver critical projects and services associated with the increased funding made available through the Transportation Infrastructure Investment Act of 2013.	\$40,000 Revised \$56,000
SHA	BCS 2012-13 (Bridge Condition Inspection of Routine and Complex Bridges Over Electrified RR, Statewide) – OOS	A variety of structural engineering tasks which include all engineering necessary for inspecting, reporting, and maintaining the condition of bridges and structures on the State roadways which includes all those on the federal aid system.	SHA's funding is expected to increase by approximately \$2 Billion dollars over the next six years, with a 15% increase in the system preservation program and more than 400% increase in the major project capital program.	\$4,000 Revised \$8,000
SHA	BCS 2012-14 (Bridge Condition Inspection of Routine, Complex and Moveable Bridges, Statewide) – OOS	A variety of structural engineering tasks which include all engineering necessary for inspecting, reporting, and maintaining the condition of bridges and structures on the State roadways which includes all those on the federal aid system.	SHA's funding is expected to increase by approximately \$2 Billion dollars over the next six years, with a 15% increase in the system preservation program and more than 400% increase in the major project capital program.	\$12,000 Revised \$18,000

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3rd QUARTER REVISIONS**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	BCS 2012-04 (Intelligent Transportation System (ITS), Statewide) – CHART	Range of ITS solutions to facilitate traffic flow, relieve congestion, and improve safety on the state highway system.	This contract will allow some of these efforts to move forward more quickly as money under the Transportation Infrastructure Investment Act is allocated.	\$12,000 Revised \$24,000
SHA	BCS 2012-21 (Pavement & Geotechnical Engineering & Design Services, Statewide) – OMT	Contracts are to provide pavement design and analysis, geotechnical design and investigation, and material testing for all SHA design and construction projects.	This is a very specialized area of engineering and is critical to the delivery of all major projects and system preservation projects. In order to meet the expected increase in demand for these services as a result of Transportation Infrastructure Investment Act of 2013, this increase in contract authority is needed.	\$9,000 Revised \$12,000
SHA	BCS 2012-08 (Construction Inspection Services) – D1 & D2	These contracts are required to provide Construction Inspection, Construction Scheduling, Construction Claims Review Analysis, Construction Management, and supplemental staffing support for SHA's Office of Construction and the seven district offices.	The Transportation Infrastructure Investment Act of 2013 is estimated to increase SHA's transportation budget by approximately \$2 Billion over the next six years, with the largest percentage of this money allocated for construction/system preservation activities. In order to adequately oversee and monitor the large increase in the number of construction projects, SHA requires significant additional resources in this area.	\$10,000 Revised \$20,000
SHA	BCS 2012-15 (Construction Schedule Reviews and Claims Analysis) – D3	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$750 Revised \$2,000

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3rd QUARTER REVISIONS**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	BCS 2012-10 (Construction Schedule Reviews and Claims Analysis) – D5	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$3,000 Revised \$6,000
SHA	BCS 2012-16 (Traffic Engineering Services) – D2	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$1,000 Revised \$1,500
SHA	BCS 2012-16 (Traffic Engineering Services) – D7	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$1,000 Revised \$1,500
SHA	BCS 2010-14 (Supplemental Engineering Support, Statewide) – OOC	These contracts are required to provide Construction Inspection, Construction Scheduling, Construction Claims Review Analysis, Construction Management, and supplemental staffing support for SHA's Office of Construction and the seven district offices.	The Transportation Infrastructure Investment Act of 2013 is estimated to increase SHA's transportation budget by approximately \$2 Billion over the next six years, with the largest percentage of this money allocated for construction/system preservation activities. In order to adequately oversee and monitor the large increase in the number of construction projects, SHA requires significant additional resources in this area.	\$4,000 Revised \$8,000

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3rd QUARTER REVISIONS**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	BCS 2012-06 (Manual & Machine Traffic Counts, Statewide) – OPPE	Range of planning, engineering, community outreach, and environmental studies that are required to meet a broad range of federal aid state requirements and provide necessary data to support all engineering offices within SHA.	SHA expects a significant increase in these types of services as a result of the recently passed Transportation Investment Act, including an increase in new Project Planning Starts, as well as critical project support functions such as traffic modeling, environmental reviews certifications, as well as special state-wide environmental studies and strategic planning associated with climate change and restoration of the Chesapeake Bay watershed.	\$20,000 Revised \$30,000
SHA	BCS 2012-03 (Environmental Design & Permitting Services, Statewide) – OED	Environmental design tasks which include all engineering necessary as part of our normal project development process and to meet the Total Maximum Daily Load (TMDL) requirements under the Clean Water Act, which limits the amount of certain pollutants that can be discharged into the Chesapeake Bay and its tributaries.	SHA will be developing a Watershed Improvement Plan (WIP) to determine what types of improvements and projects will be undertaken to meet the stated goals of the TMDL. The Transportation Bill contained a provision requiring that a certain amount (totaling an additional \$395M over 5 years) be directed to implementation of the WIP.	\$12,000 Revised \$48,000
SHA	BCS 2011-06 (Geotechnical Evaluation & Investigations, Statewide) – OMT	Contracts are to provide pavement design and analysis, geotechnical design and investigation, and material testing for all SHA design and construction projects.	This is a very specialized area of engineering and is critical to the delivery of all major projects and system preservation projects. In order to meet the expected increase in demand for these services as a result of Transportation Infrastructure Investment Act of 2013, this increase in contract authority is needed.	\$4,000 Revised \$7,000
SHA	BCS 2012-01 (Supplemental Engineering Support Services) – D1	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$2,000 Revised \$3,000

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3rd QUARTER REVISIONS**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	BCS 2011-08 (Aerial Photogrammetry for Design, Statewide) – OHD	A range of highway and environmental engineering, mapping, and construction inspection and construction management tasks to complete work for the Office of Highway Development (OHD).	The contracts will be essential in providing the necessary resources for the extensive design and support required to deliver critical projects and services associated with the increased funding made available through the Transportation Infrastructure Investment Act of 2013.	\$7,500 Revised \$10,000
SHA	BCS 2011-12 (Field Inspection, Evaluation & Management of Cleaning & Painting of Existing Steel Bridges, Statewide) – OOS	A variety of structural engineering tasks which include all engineering necessary for inspecting, reporting, and maintaining the condition of bridges and structures on the State roadways which includes all those on the federal aid system.	SHA's funding is expected to increase by approximately \$2 Billion dollars over the next six years, with a 15% increase in the system preservation program and more than 400% increase in the major project capital program.	\$2,000 Revised \$4,000
SHA	BCS 2009-12 (Survey and Engineering Services, Statewide) – D6	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$3,000 Revised \$4,000
SHA	BCS 2010-08 (Construction Inspection for OOTS, Statewide) – OOTS	Contracts are to provide traffic engineering services and support for SHA, including design of traffic signal systems, signing, lighting and pavement marking, as well engineering efforts required for a wide variety of traffic engineering programs including programs geared to reducing injuries and fatalities related to highway work zones and bicyclists/pedestrians.	The increase in contract authority for these contracts will allow SHA more flexibility in applying and expanding these programs with additional revenues available from the Transportation Infrastructure Investment Act of 2013.	\$24,000 Revised \$30,000

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3RD QUARTER REVISIONS**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	BCS 2010-09 (Supplemental Engineering Support for SIRE, Statewide) – OOS	A variety of structural engineering tasks which include all engineering necessary for inspecting, reporting, and maintaining the condition of bridges and structures on the State roadways which includes all those on the federal aid system.	SHA's funding is expected to increase by approximately \$2 Billion dollars over the next six years, with a 15% increase in the system preservation program and more than 400% increase in the major project capital program.	\$4,000 Revised \$5,000
SHA	BCS 2011-10 (Inspection Services for Bridge Cleaning & Painting, Statewide) – OOS	A variety of structural engineering tasks which include all engineering necessary for inspecting, reporting, and maintaining the condition of bridges and structures on the State roadways which includes all those on the federal aid system.	SHA's funding is expected to increase by approximately \$2 Billion dollars over the next six years, with a 15% increase in the system preservation program and more than 400% increase in the major project capital program.	\$6,000 Revised \$9,000
SHA	BCS 2010-10 (Construction Schedule & Claims Review, Statewide) – D2	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$1,000 Revised \$2,000
SHA	BCS 2010-10 (Construction Schedule & Claims Review, Statewide) – D7	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$2,000 Revised \$4,000

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3rd QUARTER REVISIONS**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	BCS 2011-02 (Survey & Engineering Design Services, Statewide) – D5	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$8,000 Revised \$12,000
SHA	BCS 2011-02 (Survey & Engineering Design Services, Statewide) – D7	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$7,000 Revised \$12,000
SHA	BCS 2010-12 (NPDES Services, Statewide) – OHD	A range of highway and environmental engineering, mapping, and construction inspection and construction management tasks to complete work for the Office of Highway Development (OHD).	The contracts will be essential in providing the necessary resources for the extensive design and support required to deliver critical projects and services associated with the increased funding made available through the Transportation Infrastructure Investment Act of 2013.	\$12,000 Revised \$48,000
SHA	BCS 2011-04 (Survey & Engineering Design Services, Statewide) – D3	Range of engineering design survey traffic engineering services for the seven SHA District Offices responsible for design of system preservation projects and review and participation of all programmed projects within their geographical regions.	The overall SHA system preservation program is estimated to increase by approximately 15% in each year over the next six years as a result of the Transportation Infrastructure Investment Act and the additional district efforts required to support the major project programs necessitate this increase contract authority.	\$32,000 Revised \$50,000

TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 - 3rd QUARTER REVISIONS

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

Cancellations:

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	AMOUNT OF CONTRACTS	AMOUNT (COST\$000)
MDTA	MDTA 2013-03 (Management and Operation of the MDTA Electronic Toll Collections Systems)	One (1)	\$6,000
SHA	BCS 2012-12 (Hydraulic/Hydrologic Engineering for Stormwater Management and Erosion and Sediment Control, Statewide)	Six (6)	\$6,000
SHA	BCS 2012-11 (Survey and Engineering Services – D1)	Two (2)	\$2,000

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION
FY 14 – 4th QUARTER REVISIONS

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

Modifications:

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)
SHA	BCS 2012-05 (Structure Preservation and Minor Rehabilitation Services, Statewide) - OOS (6 contracts)	These services will perform field investigations, design, plan preparation, etc., for structural evaluation, repair and/or rehabilitation of existing structures. The services will also provide the necessary engineering services for inspection, analysis and rating of structures and perform field condition inspections of existing structures, and to perform underwater inspections of existing structures.	SHA's funding is expected to increase by approximately \$2 Billion dollars over the next six years, with a 15% increase in the system preservation program and more than 400% increase in the major project capital program.	\$12,000 Revised \$18,000
SHA	BCS 2011-05 (Weigh in Motion Design, Statewide) - OOTS (2 contracts)	These services will perform design of Commercial Vehicle Information Systems Network, Weigh-in-motion, Mainline electronic screening systems, closed Circuit Television cameras, thermal Imaging Systems, License Plate Reader Systems, Lightning Protectors, new and/or upgrade of existing Inspections Pits, Scale house trailers, Ramps, Static scales, signing, Traffic Signals, sign lighting, over height detector systems, pavement markings, TCD structure design, geometric design and other minor services Statewide, utilizing the latest Microstation and CADD Standards developed by the SHA.	The increase in contract authority for these contracts will allow SHA more flexibility in applying and expanding these programs with additional revenues available from the Transportation Infrastructure Investment Act of 2013.	\$2,000 Revised \$4,000

ATTACHMENT VIII

TPSSB APPROVAL OF WAIVER
FOR MAA-AE-14-004 & MAA-AE-14-005

On August 1, 2013 the Transportation Professionals Services Selection Board (TPSSB) approved Maryland Aviation Administration's waiver request for contracts MAA-AE-14-004, Design Services and MAA-AE-14-005, Construction, Management & Inspection (CMI) Services for D/E Connector Program at Baltimore/Washington International Thurgood Marshall Airport. These contracts provide for design services and CMI services for the D/E Connector Program at BWI Marshall Airport. The D/E Connector program consists of four main elements: a series of enabling projects to relocate existing terminal functions out of the way of construction; construction of the new D/E Connector with a "sterile corridor" to the International Arrivals area in Concourse E and repositioning of two existing gates to service either domestic or international flights; a new 10 lane passenger security screening checkpoint; and, the widening and renovation of the "throat" portion of Concourse D. Also included in the program is reconstruction of the United Airlines outbound baggage system; an expansion of concession opportunities; and, human safety code upgrades throughout Concourse D.

In order to provide facilities by 2015 to handle the increased international traffic, and to address current building code egress requirements, the MAA will need to embark on a very aggressive schedule for delivery of the D/E Connector program. The schedule requires that design start by September 2013 and that initial construction start by May 2014.

On September 5, 2013 the TPSSB approved MAA's recommendation for award for Contract No. MAA-AE-14-004. On September 18, 2013 the Board of Public Works approved MAA's recommendation for award for MAA-AE-14-004 which will be procured by URS Corporation with Iron Horse Architects, Inc., Shah & Associates, Inc., Arora Engineers, Inc., J.A. Rice, Inc., AirProjects, Inc., Maryland Reprographics, Inc., T.L.B. Associates, Inc., Bruce Dunlop Lighting Design, LLC, and Koffel Associates, Inc. as subcontractors, at a negotiated price not to exceed \$13,600,000, to be paid on a cost-plus-fixed fee basis of payment for a period of four (4) years.
